

# FACES

[PART 1 - the basics of facial expressions.]

You only need to worry about 3 parts of the face to draw expressions:

[The dashed lines are a guide to help you place the facial features]

Different combinations make different expressions!

## SOME EXAMPLES:

HAPPY

SAD

ANGRY

Sometimes we show our teeth when angry

SURPRISED

long mouth, no teeth showing

AFRAID

WHAT THE?

Now! Here's your chance to practice the expressions from the last page.

Or, you can experiment with different combinations to discover new expressions! Label each expression you create.

TIP: pull faces in the mirror to get ideas.

IDEAS

crazy, confident, evil, lonely, nervous, bored, hopeful, jealous, ashamed,

tired, confused, dizzy, who farted, I'm the best, I'm the worst, that tastes gross!

Go crazy.

Add noses, hair, ears and other features.

Try different head shapes.

Make your own characters!
